SUPPLEMENTAL RESPONSE TO RESTRICTION REQUIREMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

This is a supplement to applicant's Response to Restriction Requirement mailed on April 7, 2005. In response to the Office Action dated March 8, 2005, applicant elected the invention represented by the claims of examiner's Group I, namely, claims 1-13, with traverse, for examination. Applicant also elected, erroneously, AN endothelin agonist identified as BQ123. BQ123 is not an endothelin agonist, but rather is an endothelin agonist.

To correct this inadvertent error, applicant hereby requests a substitution of IRL1620 for BQ123 as

the elected species, with traverse. IRL1620 is an endothelin agonist encompassed by applicant's elected claims.

Applicant's undersigned attorney apologizes for this error and any confusion it may have caused.

Should the examiner wish to discuss the foregoing, or any matter of form in an effort to advance this application toward allowance, the examiner is urged to telephone the undersigned at the indicated number.

Respectfully submitted,
